

RFQ SUBMITTAL REQUIREMENTS

This Request for Qualifications, in accordance with RCW 39.10.330, invites responses by qualified, experienced professionals interested in submitting proposals for Design-Build services for the site preparation, design and construction of two pre-engineered steel industrial buildings totaling approximately 43,200 sq. ft. on a port-owned industrial-zoned site at Wisdom Ridge in Ridgefield, Washington.

PLEASE NOTE: Site engineering and site permitting are underway and will be complete prior to construction.

Request for Qualifications Submittal Deadline: Tuesday, June 23, 2020 by 12 p.m. (Noon)

Submittal Checklist

Contractor response must include the following:

- Overview of contractor qualifications and experience
- Summary of contractor experience with design/build PEMB structures
- Summary of contractor experience with design/build PEMB structures for Washington Public Ports
- Summary of contractor past performance with utilization of small and disadvantaged business enterprises
- Summary of contractor past performance utilizing the office of minority and women's business enterprises certified businesses
- Statement confirming contractor ability to provide a performance and payment bond for the full amount of the construction contract
- At least two (2) references including phone numbers and email addresses
- Photos from two (2) similar projects

Please submit qualifications package by email or mail to:
